

Environmental Policy Statement

We believe it is important to act responsibly and minimise the effect we have on the environment. Lanes Printers have achieved ISO 14001 certification and are a member of an FSC certified chain (CU-COC-807273-AY), and have the authority to print the FSC logo on your print where required. Being environmentally aware, we opted to be part of a pilot scheme in the 1990's and were one of the first UK printers to use film free plates; eliminating the chemical waste. All waste, paper and rags are recycled, along with liquid waste.

Lanes Printers is committed to leading the industry in minimising the impact of its activities on the environment.

The key points of this strategy to achieve this are:-

- Minimise waste by evaluating operations and ensuring they are as efficient as possible.
- Minimise toxic emissions through the selection and use of its vehicles and the source of its power requirement.
- Actively promote recycling both internally and amongst its customers and suppliers.
- Source and promote a product range to minimise the environmental impact of both production and distribution.
- Meet or exceed all environmental legislation that relates to the company.
- The Company will be committed to reviewing its impact on the environment and sets targets for ongoing improvement.

Signed

Wayne Yorath

Managing Director
